

MARIA BENO VENGHER R

Full Stack Developer

Tamil Nadu | +91 9940776752 | mariabenovengher12@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Full Stack Developer skilled in building fast, responsive, and API-driven web applications using **React.js**, **TypeScript**, **Node.js**, **Express.js**, with familiarity in **Python** and **SQL** for **data analytics**. Experienced in designing performant **user interfaces** and scalable **backend** systems with real-time features. Passionate about modern **UI design**, performance optimization, and delivering seamless data experiences. Proficient in **JavaScript**, **MongoDB**, and cloud deployment using **AWS(EC2 , S3)**, with version control skills using **Git** and **GitHub**.

EXPERIENCE

Freelance Web Developer – (Portfolio Projects) 2025

- Developed **client portfolio websites** using React.js, HTML, CSS, and JavaScript.
- Enhanced site performance and UI responsiveness across devices with frontend best practices.

Web Development Intern – InternPE (Jul 2024)

- Built responsive and interactive pages using **HTML**, **CSS**, **JavaScript**, and **Bootstrap**.
- Collaborated with designers to ensure **pixel-perfect** UI implementation and optimized load times.

Data Science & AI Intern – Postulate Info Tech (Aug 2024)

- Applied **Python** and **SQL** for data processing, analysis, and backend data management.
- Gained exposure to **database querying and optimization** to enhance application efficiency.

PROJECTS

Disaster Relief Resource Finder (Full Stack)

React.js, Node.js, Express.js, MongoDB, JWT

- Built a **real-time resource-sharing platform** for disaster relief (food, shelter, medical aid).
- Integrated **map view and resource filtering** for location-based discovery.
- Implemented **secure authentication (JWT)** and admin role management.
- Optimized frontend performance with lazy loading and responsive UI using Bootstrap.

Online First-Aid Assistant

HTML, CSS, Bootstrap, JavaScript

- Designed a **multi-page web app** with login/register functionality and emergency guides.
- Added **instant-access emergency module** with interactive UI for quick response.

E-Learning Platform

React.js, Bootstrap

- Developed an interactive React web app with component-based architecture and state management.
- Focused on **smooth transitions** and **responsive design** for enhanced learning experience.

EDUCATION

Bachelor of Engineering in CSE

St. Mother Theresa Engineering College , *Anna University*

2021 - 2025

CGPA : 8.0/10

TECHNICAL SKILLS

- Frontend:** HTML5, CSS3, JavaScript, TypeScript, Bootstrap, React.js
- Backend:** Node.js, Express.js , RESTful APIs, JSON, Python
- Databases:** SQL, MySQL, MongoDB
- Cloud & Tools:** AWS (EC2, S3), Git, GitHub, Vercel , Render
- Additional Knowledge:** Data Analysis (NumPy, Pandas, Power BI, Excel)
- Soft Skills:** Problem-Solving, Teamwork, Communication

LANGUAGES

- Languages Known :** Tamil (Native), English (Fluent), Spanish (Basics).
